

Product Change Notification

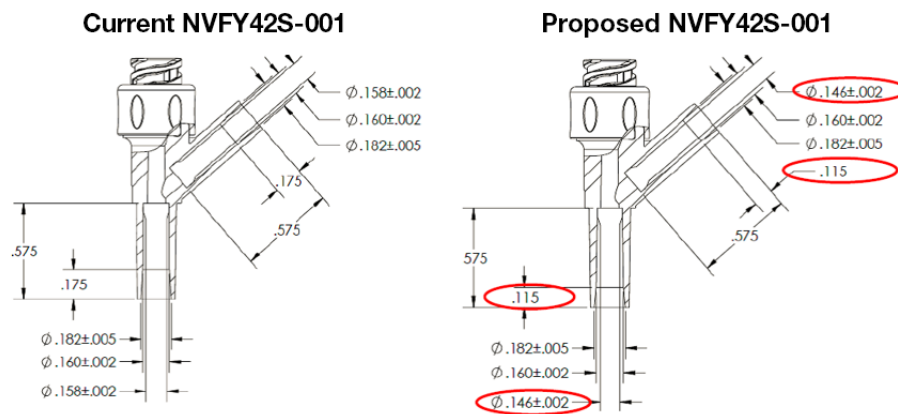

Product Change #: PCN364

Posting Date: Oct. 24, 2017

Description of Change:

Dimensional

Changing port ID from .158" to .146" to accommodate 3.8mm tubing. Spec still accommodates tubing 3.8mm-4.1 mm this change tightens the fit to accommodate smaller OD tubing sizes.

Reason:

This change was implemented by the supplier. Supplier has indicated that smaller OD tubing sizes are used with this component.

Parts Affected: NVFY42S-001

Effective Date: December 2017

Implementation Procedure:

This product will experience a rolling change with traceability through lot numbers. The old configuration will not be available after inventory depletion.
