LUER
Fittings
Our Luer Tapers
Nordson MEDICAL’s luer tapers are made to the ISO 594-1 and ISO 594-2 standards, and may be connected to other luers meeting these ISO standards. Please test your application to verify the performance of the interconnection.

Nordson MEDICAL’s luer fittings come in over 100 configurations and several materials for the device designer, joining tubing from 1/16” (1.6 mm) ID to 1/4” (6.4 mm) ID.

Features & Benefits:
Published ISO Design Standard
• Well understood worldwide
• Often assures interconnections without need to retrofit

Rotating Lock Permits Tube Positioning Prior To Tightening
• Minimizes twisting and kinking of tubing

Tapered Cone Seal
• Reliable
• Inexpensive
• Uncomplicated

Available In Many Materials
• Facilitates optimal material selection for your application

Inexpensive
• Facilitates single-use

Easy To Understand
• Ease of use in field

Many Configuration Options
• Adaptable to wide range of applications

Security Options (Fixed Lock, Rotating Lock, No Lock)
• Tailorable to your specific application

Custom Assembly
We produce standard components to fit your current assemblies and devices, but we also provide custom solutions by applying a variety of assembly options, such as joining fittings, connectors, filters, and other components to tubing. From systems using a single fitting to complex configurations utilizing various components, we can design complete assemblies to your requirements.

Male Luer to 500 Series Barb, 1/4" (6.4 mm) ID Tubing (May be used with separate stationary lock ring; FSLLR)

It's a Lock with Nordson MEDICAL!

Our MLRL and MLSL Series of fittings can be used both as a slip luer or as a locking luer with the addition of our FSLLR luer lock ring, which allows color coding without flow path contact. Our MLSL/FSLLR combination results in a stationary lock ring. Use a combination of MLRL and FSLLR to create a color coded rotating lock ring.

The MLRL allows FSLLR/lock ring rotation

The MLSL has flanges which lock into the FSLLR, preventing rotation

Used together, you can create a color coded male luer with lock ring

**Looking for Something Different?**

Most of our best product ideas have come from you, our customers. While we pride ourselves on our extensive product offering, we recognize that your needs are ever-changing and that our products, too, must adapt to your needs.

If there’s a new product you think Nordson MEDICAL should make, please send us an Email at designcenter@nordsonmedical.com describing your product concept in as much detail as you desire. We will contact you with any questions, and who knows - the next catalog edition could include products YOU told us to build.

See page 14 for more information on the Design Center!

**Need More Details?**

Part drawings, minimum order quantities, and CAD requests can be found online. Visit [www.nordsonmedical.com](http://www.nordsonmedical.com) or contact Sales at sales@nordsonmedical.com.
