CERTIFICATE OF COMPLIANCE

DATE: December 20, 2023

SUBJECT: CERTIFICATE OF COMPLIANCE Regulations- REGULATION (EU) 2023/1214 of 23 June 2023 concerning restrictive measures in view of Russia's actions destabilizing the situation in Ukraine.

Dear Valued Customer,

We are writing to address The Russia (Sanctions) (EU Exit) (Amendment) Regulations 2023, which stipulate that, effective from September 30, 2023, the United Kingdom prohibits the purchase or import of specific iron and steel products when these products have been processed in a third country that includes iron and steel materials originating from Russia.

With respect to the materials used in Nordson MEDICAL's Value Plastics and LinkTech line of products, our material suppliers have declared that No Product contains Iron or steel originating from Russia as it applies to REGULATION (EU) 2023/1214 of 23 June 2023 amending Regulation (EU) No 833/2014 concerning restrictive measures in view of Russia's actions destabilizing the situation in Ukraine. Therefore, all products from Nordson Medical meet requirements for The Russia (Sanctions) (EU Exit) (Amendment) Regulations 2023 ((EU) NO 833-2014).

Declarations for specific materials can be found in the regulatory data sheets on our website, along with SDS and technical data sheets. <https://www.nordsonmedical.com/Components-and-Technologies/Fluid-Management-Components/Support/Material-Information/>

Nordson MEDICAL relies on information provided by our suppliers or vendors. That said, we do not test these products for these chemical substances. Ultimately customers must make their own determination that their use of our product is safe, lawful, and suitable in their intended applications.

Please contact me with any further questions you may have. Thank you for your interest in Value Plastics and LinkTech products.

Regards,

Brian Benton

Manufacturing and Quality Manager
